WELL REGISTRATION DEADLINE EXTENDED

La Grange, Texas — The Fayette County Groundwater Conservation District has extended its well registration deadline for another six months. The new deadline for registering all water wells is June 30, 2005. All water wells are required to be registered with the District.

The District thanks the people of Fayette County for registering over 3,200 wells so far. Registration is not intended to infringe on anyone's personal property rights. Registering a well actually protects the rights of the landowner, and assists the District in assuring that Fayette County will have enough water to meet our current and future needs.

Call the District office at (979) 968-3135 to have a form mailed to you, or pick one up at the District office at 254 North Jefferson, Room 600, in La Grange. Forms can also be downloaded from the website at www.fayettecountygndwater.com.
